

MEHA SINGH

BSc (Hons) Medical Biotechnology | Amity University, Noida

9650074118 | mehas2419@gmail.com | E-61 Sector 51, Noida, UP | linkedin.com/in/mehasingh

PROFESSIONAL SUMMARY

Detail-oriented and motivated Medical Biotechnology undergraduate at Amity University with hands-on research laboratory experience at ICMR – National Institute of Cancer Prevention and Research, Government of India. Proficient in molecular biology techniques including PCR, DNA isolation, and agarose gel electrophoresis, as well as core microbiology practices such as aseptic technique, bacterial culture handling, and biochemical testing. Demonstrated leadership as Meraki Head of the Bio Verse Club and former House Captain. Actively seeking internship and research opportunities in biotechnology, molecular biology, diagnostics, microbiology, or healthcare to apply and expand scientific expertise.

LABORATORY TECHNIQUES

Molecular Biology	DNA Isolation & Extraction • Polymerase Chain Reaction (PCR) • Agarose Gel Electrophoresis • Nucleic Acid Quantification
Microbiology & Cell Culture	Aseptic Technique & Sterilization • Bacterial Culture Handling • Streak Plate Technique • Gram Staining • Culture Media Preparation
Biochemical Analysis	Catalase Test • Oxidase Test • Motility Test • Antibiotic Resistance Analysis • Basic Biochemical Profiling
General Laboratory Skills	Micropipette & Pipetting Techniques • Laboratory Safety & SOPs • Scientific Documentation & Data Recording • Sample Handling & Storage

TECHNICAL SKILLS

Bioinformatics & Computing: MS Excel (data analysis & graphing) • MS PowerPoint (scientific presentations) • MS Word • Google Workspace • Canva (scientific poster design)

Research Skills: Experimental Design • Scientific Literature Review • Laboratory Data Documentation • Research Reporting • Hypothesis Testing

Soft Skills: Leadership & Team Management • Public Speaking & Presentation • Event Planning & Coordination • Strategic Thinking • Time Management

RESEARCH & PROFESSIONAL EXPERIENCE

Research Intern – Laboratory Exposure

ICMR – National Institute of Cancer Prevention and Research | Ministry of Health and Family Welfare, Government of India | Noida, India (02-06-2025 to 27-06-2025)

- Performed DNA isolation and extraction from biological samples, ensuring high-quality nucleic acid yield for downstream molecular analyses.
- Executed Polymerase Chain Reaction (PCR) protocols for gene amplification; analysed results using agarose gel electrophoresis and UV transillumination.
- Carried out antibiotic resistance profiling to assess bacterial susceptibility patterns, contributing to cancer prevention research data.
- Maintained accurate laboratory notebooks and followed institutional documentation and data handling standards in compliance with GOI research protocols.

- Operated standard laboratory instruments including micropipettes, centrifuges, and gel electrophoresis systems under supervised conditions.
- Applied aseptic technique and laboratory safety practices (BSL-1/2 compliance) throughout all experimental procedures.
- Developed familiarity with institutional research workflows, ethical research conduct, and government laboratory operating procedures.

EDUCATION

Bachelor of Science (Hons) – Medical Biotechnology | 2024 – 2028 (Expected)

Amity University, Noida

Relevant Coursework: Molecular Biology, Microbiology, Biochemistry, Cell Biology, Genetics,

Senior Secondary Education (Class XI–XII) | 2020 – 2022

Manav Rachna International School, Noida

Secondary Education (Class I–X) | 2011 – 2020

Modern Vidya Niketan, Aravalli Hills

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Meraki Head – Bio Verse Club – Amity University | 2024 – Present

Led the creative and science communication vertical of the university biology club; planned and executed science outreach events, workshops, and collaborative projects.

House Captain (Class XII) – Manav Rachna International School, Noida | 2021 – 2022

Represented and led the school house; coordinated inter-house activities and mentored junior students.

CONFERENCES, SCIENTIFIC EVENTS & WORKSHOPS

ICOMB 2026 – International Conference on Medical Biotechnology

Amity Institute of Biotechnology, Amity University, Noida | January 2026 | Role: Student Volunteer

- Served as a Student Volunteer at a flagship international conference on Medical Biotechnology, supporting event logistics, session coordination, and delegate management.
- Facilitated smooth conduct of technical sessions, keynote addresses, and poster presentations by assisting organisers and guiding conference participants.
- Gained exposure to cutting-edge research and emerging trends in medical biotechnology, molecular diagnostics, and translational sciences presented by national and international experts.

SBB 2026 – Sustainable Biotechnology & Bio-Innovation Event

Amity University, Noida | February 2026 | Role: Rapture Team Member

- Actively participated as a member of the Rapture Team at the Sustainable Biotechnology & Bio-Innovation event, contributing to event planning, coordination, and on-ground execution.
 - Collaborated with a cross-functional student team to manage event flow, participant engagement, and activity facilitation across multiple sessions.
 - Engaged with presentations and discussions on sustainable biotech solutions, green biotechnology, and bio-innovation strategies relevant to global healthcare challenges.
-
